

The vehicles listed below may be equipped with special windshields containing metal oxide in the glass. This can prevent your SunPass transponder from being read. If you are unsure about whether your vehicle has one of these windshields, contact the dealer where you purchased your car.

Transponders will work in the following cars. However, in order to be read the transponder must be mounted in a specific location.

Make	Model	Year	Feature	Mounting Location
BMW	ALL 3 SERIES	1998-2008	INFRARED REFLECTING GLASS (*OPTIONAL)	TOP, LEFT OR RIGHT OF REAR-VIEW MIRROR
