

AC-F44

Outdoor Backlit PIN & PROX Standalone Controller

Rosslare's newest standalone backlit PIN & Proximity controller, the AC-F44, is a cost-effective solution for indoor and outdoor systems where PIN and/or Proximity credentials are required. This durable model can be easily programmed with up to 500 users, on a single door.

General Description

For greater peace of mind, this sturdy access control unit provides three levels of security that can be assigned to as many as 500 users.

The AC-F44 offers automatic mode recognition and a user-friendly set up menu, simplifying configuration and use. Extra features such as various door alarms, LED control, and tamper detection provide extra security and flexibility.

Come rain or shine, this reader can handle the challenge, with its rugged UV-resistant housing and water-resistant enclosure for maximum durability.

The backlit keypad is clearly visible day or night, making these units ideal for residential, commercial and industrial applications.
